Trusted and Banned IP Addresses - McAfee Personal Firewall Plus

Trusted IP Addresses

Trusted IP Addresses can access your computer even though it is protected by your personal firewall. Therefore, only trust addresses you are 100% sure it is safe to communicate with.

Trusted IP Addresses | **Banned IP Addresses**

Trusted IP Addresses

	IP Address	Modified	Expires	Description
<input type="checkbox"/>	LAN 100.0.0.0 to 100.0.0.255			Automatically added by the Setup Assistant.
<input checked="" type="checkbox"/>	207.115.80.242	2:03:29 PM
